Open for Student Success 2023

Georgia State University Mini-Conference Sponsored by the University Library

"In celebration of Open Education Week 2023, Georgia State University Library hosted a virtual mini-conference on March 3. The theme this year was: Open for Student Success. [A detailed schedule can be found here.](#) This free event, open to all members of the GSU community, allowed faculty and students to share their stories and wisdom with attendees who wish to learn more about Open Educational Resources.

Georgia State University is one of eleven institutions accepted into the OpenStax Institutional Partnership for FY2023. During this year, we are focusing on fostering awareness and use of openly licensed and affordable resources to increase student success and address diversity, equity, inclusion and representation issues related to course materials."

Celebrate All Things Open with the KSU Libraries!

There are many types of open scholarship practices, including open access and open education. Join the KSU Libraries as we highlight all that open has to offer at our inaugural All Things Open Week 2023.

KSU Libraries will host virtual events on a variety of "open" topics. You might be wondering, what does "all things open" encompass?

- o Open Access Publishing
- o Open Data
- o Open Educational Resources
- o Open Pedagogy
- o Open Science
- o Open-source Software
- o Open Licensing and Fair Use
- o And any other efforts to increase access and equity!

Events will take place on **April 3-7**; most events begin at noon.
